2018

- ... continuing to provide and develop a supportive network for Spaniards choosing to live in this great immigrant city.
- ... operating an on-site, world-class community restaurant that celebrates our cuisine.
- ... hosting events that explore and celebrate Spain and other Spanish-speaking cultures.

In some ways we have it easy - our clear-sighted founders told us precisely what to do a century and a half ago: "to promote, encourage, and spread the spirit of fraternity and solidarity among Spanish and Hispanic-American residents of this country."

1868

La Nacional - Spanish Benevolent Society, is the oldest Spanish cultural institution in the United States. Since its founding in 1868, the Society has provided a supportive network of thousands of Spanish immigrants in New York City.

1920

After over 50 years on New York's Lower East Side, the Society purchased a striking brownstone at 239 West 14th Street in 1920 - our home ever since. The building is one of the few remaining edifices that once housed the Spanish community that lived and worked in this Manhattan neighborhood that would come to be called "Little Spain."
